

# Malts extract for medium

*from Malt*

## Contents

Drying decrease  
Crude protein  
Total reducing sugar  
Direct sugar  
Viable cell count  
pH

## Specifications

$\leq 5\%$   
 $6.0 \pm 1.0\%$   
 $\geq 80.0\%$   
 $\geq 70.0\%$   
 $\leq 3 \times 10^8$  CFU/g  
 $5.0 \pm 0.5$

## Notice

Storage for long time may cause caking and browning.  
Keep in the cold and dark place.

## OYC No./Package

OYC No.	Package
42203000	200 g
42204000	1 kg

## Feature

Our malt extract is made from pure malt which is filtered, prepared, spray dried after glycation. Melts well in water and it won't cause turbidity.

## Preparation and storage

Powder.....Keep in a cold and dark space

(Research reagent use only, not for medical use.)
